White Oak

Images should be used for guidance only, by their very nature veneers differ each log in grain, colour and appearance.

These are only a sample of the veneers available; we are able to offer most commercially available veneers.

Noberne only use the highest quality Grade A veneers and offer anti-bacterial lacquer as standard.

Most veneers are also available with Forestry Stewardship Council® (FSC) chain of custody certification. Our certification code is SGSCH-COC-020074.

Samples of veneers are available on request, please contact sales@nobernedoors.co.uk
