Finish for Rigi, Flexi & Maxi Rail, Skirting, Door Frame Protection, Floor Mounted Bollards, Corner Trims and Heavy Duty. (Limited colours, please contact our Sales Office).

### \*LRV - Light Reflectance Value

An LRV is a value given to a surface to denote the amount of light reflected and can be used to measure colour contrast between surfaces. These values have been determined with reference to the CIELAB colour measurement method.

The L co-ordinate represents lightness and extends from 0 (Black) to 100 (White) and has been used as a measure of light reflectance value.

### \*\*NCS Colour References

NCS (Natural Colour System) is a user friendly colour language and is the only colour system that describes colour exactly as we see it. NCS is used by professionals
